A VISION THAT SHAPED GENERATIONS

FOUNDER'S MESSAGE

यद्यदाचरति श्रेष्ठस्तत्तदेवेतरो जनः।
स यत्प्रमाणं कुरुते लोकस्तदनुवर्तते॥

This powerful verse from the Bhagavad Gita captures the true essence of visionary leadership. It reminds us that great leaders do not merely manage — they inspire through their actions and set standards that others naturally follow. True visionaries lead by example, creating a ripple effect that shapes entire generations.

The MPS Group stands as a living testimony to this timeless principle. Under the visionary leadership of Late Shri Tarachand Shastri ji and Mrs. Kusum Shastri, the journey began with a bold, far-sighted dream — to transform the educational landscape through quality, values, and excellence. Their leadership was never limited by present circumstances. Instead, it was defined by extraordinary foresight, courage, and an unshakable belief in the power of education to uplift society.

In 1982, from humble beginnings in Meerut, Shri Tarachand Shastri ji planted a single seed with a clear and expansive vision — to create institutions that would serve every section of society and nurture future-ready leaders. Guided by deep conviction and nurtured with dedication, that vision steadily unfolded. What started as one school evolved into a thriving educational legacy of seven schools in Meerut and one in Greater Noida.

At every stage, their visionary approach turned challenges into opportunities and limitations into possibilities. They didn't just build schools — they crafted an ecosystem where

knowledge, character, and innovation flourish together. Ms. Kusum Shastri continues to steer this vision with the same passion, clarity, and dynamism. Her leadership is rooted in the profound belief that every child carries immense hidden potential. Under her guidance, MPS Group has become a beacon of progressive education — seamlessly blending tradition with modernity, discipline with creativity, and academic rigor with holistic development.

Today, the impact of their visionary leadership is visible in thousands of empowered lives. It shines through every successful student, every empowered educator, and every individual who found purpose and dignity within the MPS ecosystem. Their example continues to inspire not just those within the institutions, but the wider community — exactly as the Gita verse proclaims.

As the MPS Group completes over four decades of excellence, it celebrates a remarkable journey of visionary leadership, relentless dedication, and transformative impact. The dream that began four decades ago continues to soar "To Greater Heights," shaping generations and leaving an enduring legacy of excellence.

THE LEGACY CONTINUES – THE ROAD AHEAD

FROM THE MANAGEMENT’S DESK

“What you leave as a legacy is not what is etched in stone monuments, but what is woven into the lives of others.”

As proud torchbearers of the extraordinary vision set by our revered Founder Chairman, Late Shri Tarachand Shastri Ji, and President & Co-Founder, Mrs. Kusum Shastri, we are deeply committed to carrying their dream forward with renewed energy, clarity, and purpose.

We stand on the strong foundation they built, not merely to preserve the past, but to actively expand and elevate it for future generations. Their vision of quality, value-based education continues to guide every decision we make as we embrace innovation and prepare our students for a rapidly changing world.

In alignment with the National Curriculum Framework (NCF), we have introduced progressive reforms that mark a significant shift in teaching and learning. Moving away from rote memorization, our focus is now firmly on student-centric, experiential learning that ignites curiosity, nurtures creativity, and develops critical thinking and problem-solving skills. Classrooms are transforming into dynamic spaces of exploration, dialogue, and discovery, where students are encouraged to question, apply, and create — empowering them to become independent thinkers and confident leaders.

We are also investing significantly in modern infrastructure and facilities to provide a safe, stimulating, and future-ready environment. The addition of synthetic basketball courts, archery ranges, badminton courts, and enhanced sports facilities across our campuses reflect our commitment to holistic development and the nurturing of sporting talent alongside academic excellence.

As we carry the vision forward, we continue to introduce new ideas and initiatives that blend tradition with modernity. The establishment of advanced STEM laboratories, alongside technology-enabled learning, skill development programs, and innovative pedagogical practices, empower students to explore scientific concepts through hands-on experimentation, critical inquiry, and real-world problem-solving — equipping them with both deep roots and strong wings for the future.

At the heart of this journey remains our strong partnership with parents, educators, and the wider community. We believe education is a collaborative endeavour built on trust, open communication, and shared responsibility.

While we enthusiastically embrace change and innovation, we remain firmly anchored in the timeless values of discipline, integrity, respect, and compassion — the very foundation laid by our founders.

With deep gratitude for the legacy we have inherited and great excitement for the future we are shaping, we move forward with purpose and optimism. The journey continues — stronger, brighter, and more purposeful than ever — as we lead all MPS institutions To Greater Heights.

PRINCIPAL'S MESSAGE

"When education understands the mind, it transforms the future."

It is with great pride and a profound sense of responsibility that I pen my first message as the Principal of Samsara- The World Academy for our school yearbook. Stepping into this role fills me with immense enthusiasm as I lead our Institution toward new horizons of excellence and progress. I firmly believe that true education must nurture more than just the intellect; it must cultivate emotional well-being, creativity, and strength of character.

While I join Samsara- The World Academy with a fresh mindset, our journey is anchored in the rich legacy of the Meerut Public School Group, established in 1982 under the visionary leadership of Late Shri Tarachand Shastri Ji and Smt. Kusum Shastri Ji. We continue to carry forward a vision rooted in understanding, empathy, and progressive leadership and draw inspiration from the timeless values espoused by our founders.

Our mission remains clear: to provide a holistic education by strengthening learning through inquiry, exploration, and experiential practices while blending traditional wisdom with modern pedagogy to foster a global outlook.

In today's dynamic world, education must evolve beyond conventional boundaries. I am committed to elevating our institution by integrating innovative teaching practices, modern infrastructure, and comprehensive skill development programmes. Our collective endeavour will be to create an environment that fosters academic brilliance, moral values, and holistic growth, preparing our students to confidently face the challenges of the future.

As we move forward, we are actively embracing EdTech initiatives through smart classrooms, digital content, and AI-based integration in learning and assessment. Our commitment to efficiency is further strengthened by our dynamic team which fosters meaningful engagement among teachers, students, and parents through measurable goal-oriented approach. As always, at Samsara, our focus on scholastic, co-scholastic, and sports activities is carefully planned and monitored through measurable parameters. From our Senior Secondary cohorts to our Primary Wing, we are dedicated to facilitate every student improve their Academic Performance Index and realize their full potential.

Our teachers are the true architects of our students' futures, bringing passion and innovation to their noble profession. At the same time, the unwavering support and active participation of our parents play a vital role in our journey. Together, we will nurture and empower the next generation, ensuring that they become resilient, responsible and value-driven citizens. As we embark on this exciting new chapter, I am confident that with our collective effort, we will achieve remarkable milestones and script a glorious success story for our school.

Wishing everyone a year filled with learning, creativity, and success as we journey together to greater heights.

With warm regards,

Dr. Shalini Prasad
Principal

VICE-PRINCIPAL'S MESSAGE

Creativity now is as important in education as literacy and we should treat it with same status.
– Sir Ken Robinson

Sir Ken Robinson has stressed the need for keeping curiosity and joy for learning amongst young learners. Children need reasoning to learn, they need solid justification to go through text books and its content. Conventional education modes have been harping upon the idea of making them literate where they are able to read a text and make sense out of it, but the global world needs more than that.

They need to be in a self and continuous learning mode where they enjoy exploration of ideas and create their own workable and sustainable solutions to the problems in the world.

Samsara has always worked in the direction of fostering the creative streak in students and provide the best education to students. Our focus is not as much on testing as it is on teaching and learning. Therefore, we devised a system of continuous assessments so that we ensure learning on the go. We assess the learning process and recreate learning experiences on identification of gaps. We ensure a safe and happy school environment and have upgraded our Foundational, preparatory wing and middle wing to fully airconditioned mode. The smart class enabled classrooms to extend learning through the usage of multimedia. We have

been aligned to NEP2020 and National Curriculum Framework in our pedagogical structure and stress towards skill education. We are offering a lot of skill subjects to our students so that they become proficient in at least one skill when they graduate from school.

At Samsara The World Academy we continuously strive to keep the spark for learning kindled among our students and provide them miles to be at their creative best. Year Book-2025-26 is yet another platform which provides a conducive environment to our creative learners to express through their pen, paper, brush, colours and numbers etc. I feel elated to congratulate our school community – our curious students, trusting parents and persevering staff members on the release of this issue of the Year Book 2025-26. I would also bring my gratitude on board for the unstinted support of our respected Management for their guidance and encouragement in making this issue a concrete success. This year's book is one of my delights and I hope it's yours too. Have a delightful reading!

Our school magazine "The Year Book 2025–26" isn't just a collection of words and pictures: it's a vibrant snapshot of our shared experiences this year. It celebrates the energy, curiosity, and growth of our students, and the dedication of our educators. This year's edition highlights the many facets of school life, from academic achievements to artistic explorations, emphasising the vital role of creativity in learning.

In today's digital age, nurturing creativity is more crucial than ever. It sparks critical thinking and fuels innovation. Within these pages, you'll discover our students' original literary works, a testament to their Imagination and hard work. We've captured the year's highlights: innovative projects, impressive performance at various competitions and inspiring stories of individual perseverance. Each piece reflects our students' dedication and talent, encouraging them to pursue excellence while embracing and enhancing their unique gifts.

This magazine reflects the power of teamwork and collaboration. It unites the voices, stories, and achievements of our students, teachers, and parents, showcasing the vibrant spirit of our school community. From Celebrations to Sports Day, the photos capture the passion and commitment that define our school.

We invite you to immerse yourself in these stories. Celebrate the successes, acknowledge the challenges, and join the conversation about the importance of expressing creativity in education. This magazine invites parents, educators, and students to actively engage with our school's narrative.

As you explore this edition, filled with achievements and inspiring thoughts, remember you are part of this ongoing story. We look forward to the future with excitement, ready to write the next chapter together.

COORDINATORS' MESSAGE

Standing (L-R) : Ms. Shipra Garg, Ms Vandana V Kaushish, Ms Rajbeer Kaur, Dr. Hemlata Singh, Ms. Shikha Yadav

At our school, education goes beyond academic achievement; it is a journey of holistic growth. The Holistic Progress Card reflects our commitment to nurturing every child's intellectual, emotional, social, and physical development. It captures not only scholastic performance but also life skills, values, creativity, and attitudes that shape responsible and confident individuals. Through continuous observation and meaningful feedback, we aim to guide students towards self-awareness and lifelong learning.

Discipline remains the cornerstone of this holistic approach. It instills respect, responsibility, and

integrity—qualities essential for personal and societal growth. Our focus is on positive discipline that encourages self-regulation, empathy, and ethical conduct rather than mere compliance.

With the combined efforts of teachers, parents, and students, we strive to create a supportive environment where discipline complements learning and holistic assessment becomes a tool for growth, reflection, and excellence. Together, we are shaping balanced individuals ready to face future challenges with confidence and values.

LEGACY THAT INSPIRES OTHERS TO DREAM

With immense pride and heartfelt gratitude, I pen this message as the school captain of our esteemed institution Samsara The World Academy for the academic session 2025–26.

Every corner of this school echoes with stories of learning, laughter, challenge, and growth. It has been a place where we've all been given the freedom to think, the courage to speak, and the strength to lead. For me, it has been the foundation of character and confidence.

Being the school captain has taught me that leadership is not about standing above others, but walking beside them — encouraging, supporting, and growing together. It is about listening more than speaking, and serving more than commanding. I've had the first hand opportunity to witness the dedication, talent, and resilience that define our student body. Whether it's in academics, sports, cultural activities, or social outreach, each one of us plays a significant part in shaping the vibrant fabric of our school life.

This magazine is more than a compilation of events and achievements; it is a mirror of our collective journey — the dreams we've nurtured, the challenges we've overcome, and the memories we've created together. It encapsulates the spirit that breathes life into our school — one of unity, purpose, and perseverance.

To every student reading this: I would suggest to believe in your journey. Your voice matters, your efforts count, and your dreams are valid. Let's continue to uplift each other, lead with kindness, and strive for excellence — not just in results, but in character as well.

Thank You!

Harashita Bana
School Captain

Being a part of the School Council, especially as Vice Cultural Secretary, has been an incredibly memorable and formative experience. It has provided me invaluable opportunities to explore new horizons, embrace responsibilities, cultivate leadership skills, and foster personal growth.

My deepest gratitude goes to our Principal, Captain Praveen Roy ma'am, our dedicated teachers, and my fellow students for entrusting me with this wonderful opportunity.

Serving as Vice Cultural Secretary has been a source of immense pride and gratitude. It was an honour to contribute creatively and support cultural initiatives that strengthened our school community. Over the past months, I have learned and grown significantly, striving to make a meaningful impact through our cultural events. This journey has been incredibly rewarding as a result and I wholeheartedly embraced every endeavour undertaken by our school.

Looking ahead, I am eager to embrace further opportunities to contribute to the vision and mission of our school, working towards its continued success and greater heights.

Thank You!

Akanksha Singh
Vice Cultural Secretary

A TRIBUTE TO OUR GUIDING LIGHT

Samsara The World Academy paid a heartfelt tribute to its visionary leader, Late Tara Chand Shastri Sir, in his loving memory. The School community came together to remember his inspiring life, values, and unwavering commitment to education. Teachers and students reflected on his vision, dedication, and guidance, which continue to shape the institution. His legacy lives on through the ideals he instilled and the path he laid for future generations.

COMMUNITY OUTREACH PROGRAMME

A GESTURE OF LOVE AND GIVING

"It's not how much we give but how much love we put into giving."-
Mother Teresa

Samsara – The World Academy remains committed to nurturing values of responsibility, compassion, empathy, and the joy of sharing. Keeping this spirit alive, the school celebrated Children's Day on November 14, 2025 with "Apna School" an NGO dedicated to supporting underprivileged children, as part of our "Community Outreach Program."

Our students and staff came together with heartfelt generosity, donating stationery items, and eatables to the children of Apna School. Their contribution reflected the true essence of Children's Day — celebrating childhood by spreading joy to others.

The Principal Capt. Praveen Roy, appreciated the collective effort and generosity of the school community, encouraging students to continue practicing empathy and kindness in their daily lives.

HOUSE REPORTS

• Aristotle House •

"We are what we repeatedly do. Excellence, then, is not an act, but a habit." – Aristotle

Aristotle's timeless wisdom reminds us that character is built through consistent action, not merely thought or belief. A brilliant idea remains just that unless it's implemented. It's the execution that brings an idea to life and gives it meaning.

A giant of philosophy and science, Aristotle's groundbreaking work has profoundly shaped intellectual history. His revolutionary contributions spanned numerous scientific disciplines, and he is rightly considered the father of formal logic.

The green of our house emblem symbolizes our commitment to humility and groundedness. It also represents growth, renewal, and the promise of new beginnings.

Our students have consistently shown remarkable enthusiasm and spontaneity in various activities and competitions, and we eagerly look forward to participating in even more events in the coming year.

In the upcoming session, the students and teachers of Aristotle House will dedicate themselves even more fully to the pursuit of excellence, striving to add further achievements to our record.

"Don't only practice your art, but force your way into its secrets."— Ludwig van Beethoven

Motto: "Teamwork makes the dream work"

As the great German composer Ludwig van Beethoven once said, art demands more than mere practice—it requires dedication, curiosity, and a relentless pursuit of its deeper truths. Art and knowledge together have the power to elevate humanity to the divine. Beethoven himself lived by these principles, declaring, "I will seize fate by the throat: it shall certainly never wholly overcome me."

A staunch believer in liberty, equality, and brotherhood, Beethoven never saw himself as inferior to the nobility he served. He carried himself with dignity and resilience, qualities that define the spirit of Beethoven House at Samsara.

Here, we Beethovians embrace perseverance, creativity, and teamwork. We believe that true glory lies not in never falling, but in rising every time we do. Our house colour, blue, symbolizes the vastness of the ocean and the boundlessness of the sky. It represents serenity, stability, inspiration, and wisdom—values that guide us in our pursuit of excellence.

As proud leaders of Beethoven House, we celebrate the growth and achievements of our students. We encourage every member to uphold our ideals, push beyond limits, and continue striving for greatness.

• Shakespear House •

"It is not in the stars to hold our destiny but in ourselves."— William Shakespeare

This profound quote by the legendary playwright reminds us that our future lies in our hands, shaped by our actions, choices, and determination. Shakespeare House draws its inspiration from the legacy of William Shakespeare, who taught the world the beauty of words and the power of perseverance.

Our house, represented by the vibrant colour red, symbolises passion, love, and courage—the essential traits of every Shakespearean. These values guide us as we strive for excellence in academics, sports, cultural events, and creative pursuits.

This year, Shakespeare House has been an active participant in inter-house competitions, showcasing exceptional talent and teamwork. Our efforts culminated in a proud moment when Shakespeare House secured II position in the Inter House Recitation Competition. This achievement is a testament to our determination and unity as a house.

As members of Shakespeare House, we pledge to carry forward the values of creativity, resilience, and sportsmanship. Our goal is not just to compete but to grow, learn, and be better versions of ourselves every day.

DENTAL CHECK UP CAMP

A dental check-up was organized at Samsara The World Academy on 9th July 2025 for the students of grades VI to VIII and on 16th July 2025 for the students of grade IX to XII. The initiative aimed to promote oral hygiene and dental health awareness among children.

A team of experienced dentists conducted the check-up and examined students' teeth for common dental issues. The doctors also gave a detailed briefing on the proper way of brushing teeth, emphasizing the importance of brushing twice daily, using the correct technique, and maintaining a balanced diet for strong and healthy teeth.

The check-up helped instill good dental care habits and made students more conscious of their oral health.

PARENTS' EXPRESSIONS

As a parent, I am incredibly grateful for the positive impact Samsara The World Academy has had on my children. My eldest child, who has been at the school for over 10 years, has flourished both academically and personally, thanks to the nurturing environment. My younger child has been with Samsara since the very beginning of his school journey, and it has been wonderful to witness the supportive and inspiring atmosphere the school provides.

We feel fortunate to be part of the Samsara community, where both academic excellence and personal growth are prioritized. Thank you to the teachers and staff for making this journey so meaningful for our children.

Arzoo Garg, XI – B

Parents : Hemant Kumar Garg and Preeti Singla

We have chosen this school for its well-balanced curriculum that integrates academics and co-curricular activities. We appreciate the dedication and care of the teachers, the attentiveness of the staff, and the strong leadership of its highly competent management team.

Raksha Kacker, V – A

Mother : Ms. Shushmita

I really appreciate all the teachers for their hard work. I noticed significant improvements in my child. I can see how the teachers take the time to make sure that my child understands everything that's going on in the classroom. I am grateful for the teachers' focus on safety and well-being of my child.

Manya Chaudhary, Nursery

Parents : Mr. Surendra Chaudhary & Ms. Parmi Kumari

We are satisfied with Arkaya Thakur progress at Samsara The World Academy. The teachers are dedicated, providing a supportive and engaging learning environment that has fostered a strong love for learning in our child. We appreciate the excellent communication from the teachers regarding Arkaya academic performance and development.

Arkaya Thakur, IV – A

Mother : Ms. Aarti Pandey

Samsara The World Academy has been an exceptional place for my child's growth and development. The teachers are highly dedicated, providing a nurturing environment that encourages curiosity and learning. The well-rounded curriculum offers both academic and extracurricular opportunities that engage students fully. The school's emphasis on values and character-building is evident in every aspect of education.

My child looks forward to attending school each day, and I have noticed remarkable improvements in his confidence and skills. Communication between teachers and parents is always open and effective.

I am confident that Samsara The World Academy is providing my child with a solid foundation for the future. I wholeheartedly recommend this school to any parent seeking a top-tier education for their child.

PARENTS' EXPRESSIONS

After searching numerous schools in Greater Noida, we chose "Samsara The World Academy" for our child in the Academic Year 2024-25. Now, after completing a year, we can proudly say that our decision was absolutely correct. This is one of the best schools in Greater Noida.

We were impressed by how easily our child adjusted to the school, thanks to its safe and friendly environment. The Principal and teachers are exceptionally polite, caring, loving, and devoted. They invest considerable effort in helping each child grow.

I genuinely appreciate the school's focus on both academic learning and character building. The communication between the school and parents is excellent, keeping us well-informed about our child's progress.

The variety of extracurricular activities provides opportunities for our child to explore new interests. Overall, we are extremely satisfied with the school and look forward to continued growth and learning.

Thank you.

Father - Mr. Rakesh Yadav (Sr. Consultant)

Students don't care how much you know until they know how much you care." This saying rings true, especially when it comes to teaching children. This note expresses my sincere gratitude for all the hard work and dedication our teachers have shown. From preparing study materials and delivering lessons, to patiently clearing doubts, their commitment throughout the learning process is truly admirable.

It's a pleasure to be part of the Samsara family. My daughter, Ishita, in XII A, has shown remarkable improvement in her communication and social skills, thanks to the diverse range of classroom activities. I'm also particularly impressed with the school's co-curricular programme. These activities have significantly boosted her confidence and helped her overcome stage fear.

Thanks & regards,

Ishita, XII A

Father: Mr. Yogesh

We are extremely pleased with the learning environment and holistic development approach at Samsara The World Academy. The school fosters academic excellence while also encouraging creativity, leadership, and moral values. The teachers at Samsara The World Academy are highly dedicated and ensure that students grasp concepts effectively. Their interactive and student-friendly teaching methods make learning enjoyable and meaningful for students. We appreciate the emphasis on co-curricular and extracurricular activities.

The school provides a safe, disciplined, and nurturing environment for students. The well-maintained classrooms, library, and sports facilities contribute to an excellent learning atmosphere. The school maintains great communication with parents through regular updates, PTMs, and engagement sessions. We feel involved in Vanshika's academic progress and overall development. The school has played a crucial role in her growth, and we look forward to continued progress.

Vanshika Sagar - XI - B

Parents: Mr. Ajay Kumar and Mrs. Chhaya Sagar

Samsara The World Academy brings out the best in children, regardless of the area, whether it's extracurricular activities, sports, or academics. Our children, Manas Mani, who is currently in 12th grade, and Mrinalika, who passed out from Samsara, had ample opportunities to explore and progress in all aspects.

The school has successfully struck a balance between academic and co-curricular activities. It provides a platform and exposure to the outside world, enhancing our children's skills and boosting their confidence.

Our experience here has been great, with a mix of modern education and cultural traditions that foster learning and exploration.

English is a global language that connects people from diverse backgrounds. At Samsara The World Academy, we recognize the importance of English in today's world. As an English medium school, we focus on developing our students' language skills to help them succeed and communicate effectively with people around the world. Throughout the 2025-26 session, we encouraged both educators and students to engage in consistent conversations aimed at enhancing their English language competencies.

The four pillars of English language acquisition – Listening, Speaking, Reading, and Writing (LSRW) – are integral to our curriculum. We nurture these skills through various classroom activities, including recitations, extempore, speeches, dramatizations, show and tell sessions, narrations, spin-a-yarn activities, and many more, which provide students with diverse opportunities for development.

Our students actively participated in inter- and intra-school competitions, such as debates, extempore speeches, and recitation competitions. Their impressive performances and confidence in public speaking were truly commendable. Our primary and middle students also achieved notable success, winning prizes in recitation,

show and tell and debate competitions.

The school's 'Skills Expo' featured a "Live Literary Museum" organised by the English Department. Students showcased their literary talents by portraying iconic characters such as Sherlock Holmes, Matilda, Hermione Granger, Ruskin Bond, Sudha Murty, Anne Frank, and many others. A presentation on "Young Minds in Big Markets" further highlighted their confidence and multifaceted personality development. This activity not only enhanced their English language skills but also contributed significantly to their overall personality development.

Our English Department flourishes under the able guidance of our Mentor, Capt. Praveen Roy, whose constant encouragement inspires us to cultivate a habit of speaking English in all settings. Under her supervision, students successfully wrote their memoirs, a testament to their writing proficiency. In the coming session, we aim to provide even more comprehensive guidance to our students, further enhancing their speaking and communication skills.

राष्ट्र की सांस्कृतिक एकता और राष्ट्र की पहचान बनाए रखने के लिए एक राजभाषा अनिवार्य है। हिंदी भारत की सामाजिक संस्कृति के सभी तत्वों की अभिव्यक्ति का माध्यम है। राष्ट्र की वाणी है, पहचान है और समस्त राष्ट्र को एक सूत्र में अनुसूचित करने वाली भाषा है। शिक्षा की व्यवस्था हो चाहे व्यवस्था की शिक्षा दोनों ही स्थिति में भाषा का महत्व सर्व विदित है। व्यवहारिक जीवन शैली हो, चाहे अध्ययनशीलता का सीखना हो, भाषा के बिना सब व्यर्थ है, बिना भाषा के सीखें, समझें और जानने के कुछ भी सीखना संभव नहीं है। भारतीय नवजागरण के अग्रदूत के रूप में प्रसिद्ध आधुनिक काल के कवि भारतेन्दु हरिश्चंद्र ने निज भाषा का महत्व बताते हुए लिखा है कि इस काल में भारतेन्दु जी ने मातृभाषा में शिक्षा की अवधारणा को भी साकार करने का अनुग्रह किया है। वे लिखते हैं – और एक अति लाभ यह है या में प्रकट लखत

निज भाषा में कीजिए जो विद्या की बात। इसी तरह भारत के सांस्कृतिक और सामाजिक वैभव की स्थापना का प्रथम पायदान निज भाषा यानी मातृभाषा में शिक्षा में ही निहित है। समसारा विद्यालय में भी हिंदी विभाग भाषा के उच्चारण, वाचन व लेखन में विद्यार्थियों को दक्षता प्रमाणित करने में विशेष भूमिका निभा रहा है। जिससे विद्यार्थियों की वर्तनी संबंधी अशुद्धियां कम हो और वह अपने विचारों को अपनी भाषा में अच्छी प्रस्तुतीकरण दे सके। समय-समय पर ऐसी बहुत सी गतिविधियों का आयोजन किया जाता है, जिससे विद्यार्थी हिंदी भाषा में अपनी रुचि बरकरार रख सके और गतिविधियों के माध्यम से अपनी रोचकता के अनुसार लेख, कहानी, कविता आदि प्रस्तुत कर सके।

Mathematics is a more powerful instrument of knowledge than any other that has been bequeathed to us by human agency.” – René Descartes

The above statement by famous mathematician Rene Descartes is one of the most inspirational math quotes of all time.

Samsara believes in Interactive Math Sessions: Learning by Doing and a Multidisciplinary Approach.

Learning by doing, allows our students to experiment, make mistakes, and learn from them, fostering a deeper understanding of math concepts. Moreover, a multidisciplinary approach is increasingly becoming prevalent in math education, connecting math to other subjects such as science, technology, engineering, and even the arts. By exploring these interdisciplinary connections, students gain a broader perspective and see how math is integrated into various fields through mathematical lens.

Every year, we at Samsara celebrate birthday of great Mathematician Ramanujan with lot of hands on activities in every Wing e.g sudoku, mental maths, model making, field games, quiz etc.

We also promote our students to take part in International Maths Olympiad held every year by SOF in our own school. Our students shows markable results in Maths Olympiad. They brought laurels by winning interschool competitions also.

Our department conducted targeted intervention classes for our goal-oriented students. As Head of Department, I had the opportunity to observe my colleagues' classes, and they similarly observed mine. This peer observation exercise enabled us to refine our teaching skills, leveraging each other's constructive feedback under the guidance and support of our Principal.

Maths department shows it's gratitude to all Samsarians for their cooperation and motivation with the hope that together we will bring more laurels to school by producing best results in coming session.

Science is the heartbeat of curiosity and innovation, and our school's Science Department thrives on igniting a passion for exploration and discovery in our students.

Experiential Learning: A Hands-On Journey

In the Science Department, we firmly believe that the best way to learn science is by doing it. Our curriculum integrates experiential learning, where students actively participate in experiments, model creation, and real-world problem-solving. This approach bridges the gap between theoretical knowledge and practical application, ensuring concepts are deeply ingrained.

Peer Learning: Learning Together

Collaboration is at the core of scientific discovery, and we replicate this ethos through peer learning. Students engage in group projects, debates, and discussions, fostering teamwork and critical thinking.

Our school boasts well-equipped laboratories that cater to diverse branches of science.

Through experiential and peer learning, combined with state-of-the-art facilities, we ensure our students are ready to face the challenges of the 21st century with resilience and curiosity.

We look forward to continuing this journey of exploration and discovery, nurturing minds that dare to dream and innovate. Here's to science—our bridge to the future!

Social Science [is] a general term for all the sciences which are concerned with human affairs.” – Fairchild

Social Science broadens the horizons of young minds. The various disciplines within it help students understand real-world problems such as unemployment, poverty, inflation, illiteracy, and climate change, fostering social consciousness.

Social Sciences and humanities are vital in helping children appreciate their history, culture, and language. This fosters not only creativity, critical thinking, and ingenuity but also the development of well-rounded individuals.

To further this goal, Samsara the World Academy organised a Skills Expo, where we showcased a Social Science gallery. The gallery featured fabrics from different states, artifacts from various historical periods, insights into World War I and II, the pre-

independence era, the COVID-19 pandemic, tribal life, and much more. Our unifying message was: "Say NO to Violence and say YES to Peace."

The Social Science Department implemented intervention classes. As HOD, I observed my colleagues' classes, and they observed mine. This peer observation, conducted under the guidance of our Principal, allowed us to refine our teaching skills through mutual feedback.

Fine art is a captivating visual art form that emphasizes aesthetic beauty, creativity, and emotional depth, encompassing a diverse array of mediums and genres. It serves as a powerful medium for individuals to express their thoughts, emotions, and creativity. In the modern world, art not only transcends mere expression, but also offering avenues for earning a livelihood and carving a fulfilling career.

At Samsara The World Academy, the Fine Arts Department is dedicated to nurturing students' self-confidence and equipping them with the skills to become self-reliant. Through various programmes, students are encouraged to explore their artistic potential and express themselves authentically. The

department regularly organizes competitions, activities, and exhibitions, providing platforms for students to showcase their artwork and talents.

Our aim is to inspire and empower young artists, preparing them to make meaningful contributions to the world of art and beyond.

THE INSPIRATIONAL PILLARS

TECH EDUCATION DEPARTMENT

Standing (L-R) : Ms. Shailu Verma, Ms. Seema, Ms Rakhi Dodeja (HoD), Mr. Vineet Kumar Dubey.

"In the world of bits and bytes, we spark minds to dream, create, and innovate, paving the way for tomorrow's technological revolution."

The Tech Education Department at SAMSARA, led by the Head of IT and supported by expert teachers, creates a dynamic environment where technology and education merge. The department ensures IT systems are current, integrates new technologies, and prepares students for the digital future.

The curriculum spans IT, Computer Science (CS), and Artificial Intelligence (AI), focusing on developing problem-solvers and innovators. Students engage in hands-on projects and real-world scenarios, honing skills in coding, critical thinking, and problem-solving. Courses cover programming, database management, web development, cyber security, cloud computing, and AI concepts like machine learning and data analysis.

Practical learning is key, with foundational programming languages like Logo fostering computational thinking.

Students learn web development with HTML, CSS, and JavaScript, while also exploring computer systems, networking, and security.

SAMSARA encourages students to participate in inter-school competitions, where they showcase their coding, web development, and AI skills. The department consistently updates its curriculum to reflect the latest IT, AI, and CS trends, equipping students with proficiency in Python, Java, and SQL.

By combining foundational knowledge with creative problem-solving, SAMSARA's Tech Education Department aims to inspire future tech leaders who will make a significant impact in the digital world.

"The Tech Education Department at SAMSARA is where young minds are not just taught to use technology but are inspired to redefine it."

CAPACITY BUILDING PROGRAMME

STUDENTS' WORKSHOP

MENSTRUAL HYGIENE

Samsara The World Academy organised an insightful and empowering workshop on health and hygiene for the girls of Grades 6 to 9 on Wednesday, 7th May 2025. The event was aimed at spreading awareness, debunking myths, and promoting hygiene among adolescent girls.

The session was graced by two distinguished resource persons — Ms. Nandini Rai, a Certified Hygiene Activist and Entrepreneur, and Dr. Kainat Kazi, an Author, Travel Editor, and Researcher.

They engaged the students in an interactive discussion about the basics of hygiene practices, and breaking the taboos surrounding it. The session concluded with a Q&A round, where students enthusiastically participated and had their queries answered with care and sensitivity. The workshop proved to be highly beneficial, helping young girls understand and embrace this important aspect of their health with positivity and awareness.

SUBJECT SELECTION CLASS X

A Subject Selection Session for Class X students was conducted on 17 November, 2025 by Ms. Neha Sharma (PGT Economics), Ms. Akansha Premi (PGT Political Science), and Ms. Pramila Panda (PGT Physics).

During the session, the educators provided detailed guidance on various academic streams, subject combinations, and the wide spectrum of career opportunities associated with every field. They emphasised the importance of choosing subjects based on a

student's aptitude, interest, and long-term goals, helping them understand how informed choices can shape future academic and professional pathways.

Students actively participated, asked thoughtful questions and sought clarity on their doubts. The session proved to be highly informative, enabling learners to make confident and well-informed decisions for Class XI.

STUDENTS' WORKSHOP

POSITIVE CLASSROOM BEHAVIOUR

Samsara The World Academy, organised a workshop on positive classroom behaviour on 16th April 2025 for the students of grade VII and VIII. The session aimed at fostering a more harmonious and productive classroom environment.

The resource person B K Varnika shared valuable strategies rooted in mindfulness, inner peace, and self-awareness. They also highlighted the importance of respect, empathy, active listening, and maintaining a positive

attitude in the classroom setting.

The seminar also included a brief meditation session that helped students experience calmness and mental clarity.

Samsara The World Academy, continues to take meaningful steps in nurturing not just academic excellence but also emotional intelligence and character building amongst its students.

NATIONAL GIRL CHILD DAY

Samsara The World Academy marked National Girl Child Day with a special assembly conducted by Grade VII students on January 24, 2026. The event focused on promoting gender equality and empowering girls.

A thought-provoking speech by a Grade VII student highlighted girl child rights, breaking stereotypes, and the importance of girls' education. This was followed by a powerful recitation of the poem "Girls Can Do Anything!", celebrating girls' strength and resilience.

The event inspired students to promote equality and support girls' empowerment.

Ms. Jyoti Batra Ma'am, our Officiating Principal addressed the assembly and concluded by ensuring that we all should work together to create a world of equality and opportunity for all.

TEACHERS' WORKSHOP

LIFE SKILLS AND VALUES

Samsara The World Academy organised a CBP workshop on Life Skills and Values for the teachers on 28th June 2025.

The session was conducted by esteemed resource persons Dr. Neha Sharma, Principal Apeejay School Noida and Dr. Kaumudi Bhardwaj, Principal at Manav Sanskar Public School, Faridabad. They emphasised the importance of life skills and values in today's

education system.

Through insightful case studies, they discussed effective strategies for inculcating these skills in students.

The workshop was highly engaging and provided valuable guidance for integrating life skills into everyday teaching practices.

TEACHERS' WORKSHOP

PROMOTING MENTAL HEALTH AMONG STUDENTS

Samsara The World Academy hosted a Capacity Building Programme on "Promoting Mental Health Among Students" on Monday, 30th June 2025.

It aimed at equipping teachers to support students' emotional well-being. The session was conducted by renowned educationists Mrs. Indu Yadav, Principal Lotus Valley International School, Noida Extension and Ms. Sapna Shukla, who shared valuable strategies and insights on mental health in schools.

Both experts talked of various symptoms which are early signs of mental health concerns. There is a need to build emotional support systems within schools, and empowering teachers to foster a nurturing classroom environment.

The session was interactive, informative, and left participants better prepared to foster a supportive and nurturing environment for students.

TEACHERS' WORKSHOP

PROMOTING MENTAL HEALTH AMONG STUDENTS

Samsara The World Academy organized a two-day Professional Development Workshop on 26th & 27 May, 2025, aimed at enriching teaching practices. The sessions were conducted by Ms. Kavita Sharma & Ms. Kavita Nag in collaboration with the Agragati Educational Foundation.

The workshop began with a focus on effective lesson planning, exploring how to structure learning experiences that are goal-oriented, competency-based, and outcome-driven. Teachers were introduced to the key features of the National Curriculum Framework for School Education (NCSE), gaining insights into day-to-day classroom teaching.

The second day delved into the Teachers' Continuous Professional Development Program, where educators were introduced to the Backward Design Model (ERAC). This framework provided a systematic approach to crafting engaging and impactful lessons. Additionally, the theory of Multiple Intelligences was explored, encouraging teachers to recognize and address the diverse learning needs and strengths of students.

Overall, the workshop proved to be an enriching experience that empowered teachers with practical strategies and renewed enthusiasm to create inclusive, learner-centred, and dynamic classrooms.

Climate Change: A Call for Action to Save Our Planet

Climate change is a major global issue caused by human activities like burning fossil fuels and deforestation, which release greenhouse gases into the atmosphere. This leads to rising temperatures, melting ice caps, and more extreme weather events like floods, heatwaves, and hurricanes. These changes threaten ecosystems, increase health risks, and disrupt food security. Vulnerable communities, especially in low-lying areas, face the greatest dangers from rising sea levels and extreme weather.

To combat climate change, we can take simple actions such as recycling, using energy-efficient appliances, planting trees, and supporting renewable energy sources. Reducing waste, conserving water, and choosing sustainable products also help reduce our carbon footprint. Raising awareness and supporting policies that protect the environment are also important steps to ensure a healthier planet.

In conclusion, while climate change poses serious challenges, everyone can contribute to making a positive impact by adopting sustainable practices and advocating for change. By working together, we can reduce its effects and build a safer, more sustainable future.

AM I WRONG?

Once upon a time, there was a boy named Maruti who loved art. One day, his mother asked him to eat his snacks and then do his homework. However, Maruti got engrossed in his artwork and forgot about his studies. When his mother saw this, she scolded him, saying, "I wish I didn't have a child like you who never finishes his homework on time and is always on the phone." Maruti felt sad and confused, wondering if pursuing art was wrong. Many questions arose in his mind: Was doing art a bad thing? Was he doing something wrong?

The next morning, Maruti met his school counsellor and shared what happened. The counsellor understood his feelings and advised him that doing art isn't bad, but studying is also important. She suggested balancing both and reducing phone usage. From that day on, Maruti became more responsible, completed his work on time, and enjoyed art as a hobby.

Journey of Simple Human to Ruler of Cosmos

In 1957, five friends — Peter, Rock, Andrew, Anala, and Sam — lived together in an apartment in London. On April 27th, 1957, they were all in their rooms when a loud voice suddenly echoed, "Everybody come here!" Sam thought it was a surprise birthday party, but in their excitement, the others forgot his birthday. He said, "You guys do a lot of work for such little happiness." They all then got ready to go to the party.

As they celebrated, they decided to play hide and seek. Sam went to the basement, where he encountered a mysterious boy with a creepy appearance. She screamed and fell unconscious. When he woke up, he found himself in a hospital with no memory of his friends. The doctor informed him that he had been in a coma for 10 years. His friends visited him, but he didn't recognize them. They told him that the police said he didn't return from the basement. Sam struggled to settle back into life. Gradually, he began to notice strange occurrences. He saw a shadowy figure lurking around the villa where they had partied.

One day, as he confronted his friends, they attacked him. Sam, being an athlete, defended himself and discovered a button on their heads. He pressed it, and they returned to normal.

The friends realized that something was amiss. They saw that the date was still April 27th, 1957. Suddenly, the boy Sam encountered that day came in front of them with a horrified expression, wanting them to surrender. Sam suddenly remembered that the whole world was under his control. Just then, an old man appeared and teleported Sam and his friends to another place. He claimed to be the Guardian of Dimensions and revealed that they were now in his own world. He disclosed that Sam's parents were the Supreme Grand Guardians of the Multiverse.

The old man explained that Sam and his friends were the keys to unlocking the secrets of the universe. They were sons and daughters of powerful beings, and their parents had sent them to Earth for protection. The friends were tasked with defeating the Dark Destroyer, a villainous entity threatening the multiverse. They had no time to dwell on the past. Though confused, they found solace in knowing they were not alone and were destined for greatness.

The friends embarked on a perilous journey, navigating through dimensions and encountering strange creatures. Along the way, they discovered their unique abilities and strengths. Anala, the son of the Preserver of Knowledge, possessed the power to control time and space — but power is useless if not used wisely.

The five were really smart and intelligent, and in their journey, they faced many challenges. They eventually reached the final dimension — the 365th — believed to be the core of the universe. There, they made a wish: to erase the existence of the Dark Destroyer.

In a surprising twist, the old man revealed himself to be the Dark Destroyer. As he was about to attack, the friends bravely stood together. Anala, using his knowledge of ancient texts, deciphered a mantra written on a wall and chanted it. The Dark Destroyer was defeated.

Finally, the friends were reunited with their parents and learned that they were not only humans but also rulers of the cosmos. Now empowered with their newfound abilities, they embarked on a new journey — to protect the multiverse.

Savitribai Phule

The Pioneer of Women's Education in India

Savitribai Phule (1831–1897) was a trailblazing Indian social reformer and educator who dedicated her life to promoting women's education and social equality. Born in a lower-caste family in Maharashtra, India, she faced numerous challenges and obstacles in her journey, but she remained steadfast in her commitment to empowering women and marginalized communities.

WOMEN'S EDUCATION

Savitribai's passion for education was ignited by Jyoti Rao, who encouraged her to learn English and other subjects. In 1848, they established the first girls' school in Pune, which was initially met with resistance from traditionalists who opposed girls' education. Undeterred, Savitribai continued to teach at the school, facing challenges such as lack of resources, opposition from local authorities, and even physical threats.

Some more points about Savitribai Phule

- She was a famous social activist and poet from India.
- Born on January 3, 1831, she hailed from Maharashtra.
- She also stood against child marriages and supported widow.
- Sadly, she passed away in 1897, but her legacy still shines brightly.

THE MYSTRY PORTA

Once upon a time there was a boy named Ravi. He loved climbing trees, so once he was climbing a neem tree, his foot slipped and he got into a ravine. Ravi was hurt but he tried to climb up again but failed many times because of wet leaves. He decided to remove few leaves where he had to keep his foot. After removing a few of them he found a mysterious gate that was hidden under the leaves. He was shocked but excited to open it, after opening, it looked like a secret bunker. He walked into it and saw some sign boards on it, something was written like journey to another world and on other a nether portal. Nearby there was a portal made of obsidian. He stepped into it and everything turned black with a purplish texture. He explored and founded many lakes of laval With some unusual sounds of creatures. Mobs like Magma cubes, Zombie piglin, Endermans, Ghast and piglins were there but mysteriously skeletons of humans were walking. They were of black and white colour. They were trying to kill Ravi with the help of sword, bows.

He ran as fast as he could but suddenly his speed got reduced because of different type of mysterious sand called soul sand. After running far away feeling safe, I accidentally stepped in an castle made of blood red colored bricks looked mysterious but amazing at the same time. He explored and founded many things such as treasure, red mushrooms, animals walking on lave and many more unusual structures etc. After few days he noticed that days and nights are same, the sky is not changing. He decided to leave this place. He came out and it had been more than one week to see the sky overhead, as he was unable to climb out so he started digging down to make a tunnel to get out.

He got a little bit down and fell into an old structure with many gates and a small library. Ravi felt helpless, he got into a wooden gate. He found a chest with golden apples, crossbow, eye of ender and a shield. He stepped into many gates but found nothing else. In the last gate something unusual happened, some small creatures came and tried to kill him. He ran and saw a deactivated end-portal in a rush and activated it but didn't know what he had done.

THE TREASURE OF MY ISLAND

Pirate came to find,
sailor came to take,
treasure of my Island,
but it was a big mistake.

They make a group,
and found also,
treasure of my Island,
but it was fake.

Saw the map in the bottle,
follow the part to cross to take,

treasure of my island,
but found a cake.

Found tiger in his cave,
and monster in his drape,
the treasure of my Island,
was never found,
luck of them,
was like a wet paste.

When they were going,
to their ship, I give them,

treasure of my Island,
as a leaving gift,
but it was a prank,
because it was fake.

The Last Page of Summer

One more bell, a final cheer,
Another year draws slowly near.
We leave behind our scribbled tales,
Of dreams that rode on paper sails.

We laughed in class, we raced the rain,
We shared our joy, our tiny pain.
The walls still echo every name,
Though time moves on, we're not the same.

Our teachers' words, our friendships true,
Each lesson shaped a better "you."
Though pages turn and seasons fly,
The school stays in our hearts nearby.

So here's to starts, and soft goodbyes,
To memories under open skies.
The last page turns with grace and gleam—
We carry school into each dream.

Friends: The Family We Choose

Friends are a light so rare,
A soul so kind beyond compare.
Through every storm, through every fight,
They are our guiding light.

Their worth is more than words can show,
More than the love, the oceans know.
With every joke and every cheer,
They make our world feel brighter and clear.

We share our secrets, big or small,
They catch us every time we fall.
So here's to friends, both wild and wise,
The stars that light up cloudy skies.

Sustainable Development

Sustainable development is about meeting present needs without compromising future generation's ability to meet their own. It's a balance between economic growth, and environmental protection. This means developing responsibly, considering the long-term impacts on resources and ecosystem.

We need to conserve natural resources, like water and energy, and promote renewable energy resources like solar and wind power. Socially, sustainable development emphasizes equity, ensuring everyone has access to basic needs and opportunities. Practices like reducing waste, reusing materials, and adopting sustainable farming methods are crucial.

Ultimately, sustainable development is equitable world for all, both now and in the future. It requires a shift in our thinking and actions, moving away from unsustainable practices and towards a more harmonious relationship with the planet.

Developing Leadership Skills at a Young Age

Leadership is a vital quality that enables individuals to influence, guide, and inspire others toward achieving common goals. Cultivating leadership skills at a young age lays a strong foundation for personal growth, academic success, and future professional achievements.

Young individuals who exhibit leadership qualities tend to be more confident, responsible, and self-aware. They learn to communicate effectively, make informed decisions, resolve conflicts, and work collaboratively in team settings. These skills not only enhance their academic performance but also prepare them for real-world challenges.

Schools play a critical role in nurturing leadership potential by providing opportunities such as student councils, class representation, group projects, and event management. Such experiences encourage students to take initiative, manage responsibilities, and develop empathy and resilience.

Leadership at a young age also instills discipline, integrity, and a sense of accountability. It motivates students to lead by example and contribute positively to their communities. Developing these qualities early ensures that students grow into capable and ethical leaders of tomorrow.

In conclusion, fostering leadership abilities from a young age is essential for shaping individuals who are not only successful but also socially conscious and committed to making meaningful contributions to society.

The Benefits of Reading Newspapers

In a digital world where smartphones and social media dominate everyone's attention, newspapers may seem traditional, but they have a profound impact on teenagers' minds. Incorporating newspaper reading into your daily routine offers numerous benefits that can significantly shape a teenager's development.

Newspapers are a rich source of information about local, national, and global affairs. For teenagers, staying updated on current events is crucial as it broadens their understanding of the world. Reading articles enhances vocabulary and comprehension skills, fostering a lifelong habit of reading and learning that contributes to mental growth.

Moreover, newspapers promote social awareness and responsibility by covering environmental issues, human rights, governance, and social challenges. This exposure helps teenagers develop empathy and understanding towards people and society. Newspapers can also reinforce classroom learning by providing real-life examples, making complex concepts more relatable.

In addition to educational benefits, newspapers offer entertainment sections and local business information, catering to diverse interests. Ultimately, reading newspapers can be a gateway to becoming smarter, more aware, and socially responsible individuals.

Le Trésor de l'Île Mystérieuse

Il était une fois, un jeune aventurier nommé Léo qui rêvait de découvrir un trésor légendaire. Il avait entendu parler d'une île mystérieuse où se cachait un coffre rempli d'or et de bijoux.

Léo décida de partir à la recherche de l'île. Il navigua à travers les mers et les océans jusqu'à ce qu'il atteigne l'île. Lorsqu'il arriva, il découvrit que l'île était peuplée de créatures étranges et de plantes exotiques.

Léo commença à explorer l'île et découvrit un chemin qui menait à une grotte. À l'intérieur de la grotte, il trouva un coffre rempli d'or et de bijoux. Mais, à sa grande surprise, il découvrit également un message qui disait : "Le véritable trésor n'est pas l'or, mais l'aventure elle-même."

Léo réalisa que l'aventure avait été la véritable récompense. Il décida de retourner chez lui, mais avec un cœur rempli de souvenirs et d'expériences.

La Révolution Française

La Révolution française a commencé en 1789 et a duré jusqu'en 1794. Le roi Louis XVI avait besoin de la Révolution Française

soin de plus d'argent, mais n'avait pas réussi à augmenter les impôts lorsqu'il avait convoqué une réunion des États généraux. Cela s'est passé pendant la Révolution Française

l'utôt transformé en une protestation contre les conditions de vie en France. Le 14 juillet 1789, la foule parisienne, affamée en raison du manque de nourriture due aux mauvaises récoltes, bouleversée par ses conditions de vie et ennuyée contre son roi et son gouvernement, prit d'assaut la forteresse de la Bastille (une prison). Cela s'est avéré plus symbolique qu'autre chose puisque seuls quatre ou cinq prisonniers ont été retrouvés.

En octobre 1789, le roi Louis et sa famille furent transférés de Versailles (le palais royal) à Paris. Il tenta de fuir en 1791, mais fut arrêté et contraint d'accepter une nouvelle forme de gouvernement. Remplaçant le pouvoir du roi, une « assemblée législative » gouverna d'octobre 1791 à septembre 1792, puis fut remplacée par la « Convention nationale ». La République de France fut déclarée et bientôt le roi fut jugé. La Révolution devient de plus en plus radicale et violente. Le roi Louis XVI est exécuté le 21 janvier 1793. Dans les six semaines qui suivent, quelque 1 400 personnes considérées comme des ennemis potentiels de la République sont exécutées à Paris

De nombreux historiens considèrent aujourd'hui la Révolution française comme un tournant dans l'histoire de l'Europe. Cependant, en Amérique du Nord, bon nombre des mêmes concepts ont influencé la Déclaration d'indépendance et la Révolution américaine antérieures. Le célèbre slogan « Liberté, égalité et fraternité » réclame le droit de chacun à la liberté et à l'égalité de traitement. Partout en France et dans le reste de l'Europe, les conséquences de la Révolution furent énormes. De nombreux développements nouveaux ont eu lieu, notamment la chute de la monarchie, des changements dans la société avec la montée de la classe moyenne et la montée du nationalisme.

LE PORTAIL MYSTÈRE

Il était une fois un garçon nommé Ravi. Il adore grimper aux arbres, alors un jour, il grimpait sur un neem lorsque son pied a glissé et il est entré dans un ravin. Ravi a été blessé mais il a essayé de grimper et a échoué à plusieurs reprises à cause des feuilles mouillées. Il décide d'enlever quelques feuilles là où il doit garder son pied. Après en avoir enlevé quelques-uns, il trouve une porte mystérieuse cachée sous les feuilles. Il était choqué mais excité de l'ouvrir. Après ouverture, cela ressemblait à un bunker secret. Il y entra et vit des panneaux dessus, quelque chose était écrit comme un voyage vers un autre monde et sur un autre portail du Nether. A proximité se trouvait un portail en obsidienne. Il y entra et tout devint noir avec une texture violacée. Il a exploré et fond de nombreux lacs de lave. Avec quelques bruits inhabituels de créatures. Des fous comme des cubes Magma, des piglins zombies, des Endermans, des Ghasts et des piglins étaient là mais mystérieusement des squelettes d'humains marchaient, ils étaient de couleur noir et blanc. Ils essayaient de tuer Ravi à l'aide d'épées et d'arcs.

Il a couru aussi vite qu'il le pouvait, mais soudain, sa vitesse a été réduite à cause d'un autre type de sable mystérieux appelé sable de l'âme. Après avoir couru loin, en se sentant en sécurité, je suis entré accidentellement dans un château fait de briques de couleur rouge sang qui semblait à la fois mystérieux mais étonnant. Il a exploré et fond beaucoup de choses telles que des trésors, des champignons rouges, des animaux marchant sur la lave et bien d'autres structures inhabituelles, etc. Après quelques jours, il a remarqué que les jours et les nuits sont les mêmes et que le ciel ne change pas. Il a décidé de quitter cet endroit. Il est sorti et il a fallu plus d'une semaine pour voir le ciel dans le monde extérieur alors qu'il est en mesure de sortir alors j'ai commencé à creuser pour faire un tunnel pour sortir. Il descend un peu et tombe dans une vieille structure avec de nombreuses portes et une petite bibliothèque. Ravi se sent impuissant, il entre dans une porte en bois, il trouve un coffre avec des pommes d'or, une arbalète, un œil d'Ender et un bouclier. Il franchit de nombreuses portes mais ne trouva rien d'autre. Dans la dernière porte, quelque chose d'inhabituel s'est produit, de petites créatures sont venues et ont tenté de le tuer. Il a couru et a vu un portail final désactivé en toute hâte et l'a activé mais ne savait pas ce qu'il avait fait.

Révolution Française

La Révolution française fut une période de changement politique en France à la fin du XVIII^e siècle, qui se termina par le coup d'état du 18 Brumaire en novembre 1799 et la formation du consulat français. L'idée de la révolution française était considérée comme le principe fondamental de la démocratie libérale, tandis que ses valeurs et ses institutions restent au cœur du discours politique moderne. Les causes de la révolution étaient une combinaison de facteurs politiques, sociaux et économiques que l'Ancien Régime n'était pas en mesure de gérer. La discrimination entre les Français s'était accrue après que le roi Louis XVI et la reine Marie-Antoinette soient devenus roi et reine. La France était divisée en 3 classes/états qui étaient : le clergé ou les prêtres du 1^{er} état, les nobles du 2^e état, les gens du commun du 3^e état comme les paysans, les artisans, etc. Le premier et le deuxième état bénéficiaient de nombreux privilèges, ils recevaient également l'argent des impôts payés par le troisième état et utilisaient l'impôt pour leurs propres affaires. Cette inégalité a provoqué une révolution. Les révolutionnaires ont d'abord pris d'assaut la Bastille, un fort à Paris. Après ce soulèvement, la monarchie a connu une chute énorme du monarque et le roi a été exécuté en 1793. Après cela, la France est devenue une république mais elle a de nouveau connu une révolte la même année. La nouvelle constitution fut suspendue la même année car la personne qui est devenue chef après cette révolution était Robespierre qui était un dictateur. La Révolution française a été menée par de nombreux groupes parmi lesquels les Jacobins étaient majoritaires dont le chef était Robespierre. Ces groupes ont formé un gouvernement appelé convention nationale dont Robespierre est devenu le chef. Il a fait exécuter 16000 personnes, même ses anciens alliés, la reine Marie Antoinette fut également exécutée. Cela a été connu comme le règne de la

terreur. Voyant cela, ses alliés de la convention se sont retournés contre lui car ils pensaient établir la démocratie. Après cela, Robespierre a été guillotiné en 1794 et cela a conduit à la formation du directoire, la deuxième majorité de la convention. Maintenant, la France avait vraiment moins de ressources après la révolution et la dictature/règne de la terreur en raison de laquelle le public a perdu confiance dans le directoire. Plus tard, un jeune militant, Napoléon Bonaparte, a connu le succès dans la guerre entre la France et l'Italie, en Égypte. Il a acquis une grande popularité. Il

a noué de bonnes relations avec la population et les partis politiques. En 1799, lui et son armée fidèle ont attaqué la Convention nationale et il a renversé le Directoire et a formé le consulat français en 1799. Après avoir formé le consulat, il avait presque tout le pouvoir du gouvernement entre ses mains, ce qui nous permet de dire que la révolution française a disparu. Peu de temps après, en 1804, il s'est proclamé empereur de France

विश्वास

एक आदमी जब भी दफ्तर से वापस आता, तो कुत्ते के प्यारे से पिल्ले रोज उसके पास आकर उसे घेर लेते थे क्योंकि वो रोज उन्हें बिस्किट देता था।

कभी 4 कभी 5 कभी 6 पिल्ले रोज आते और वो रोज उन्हें पारलें बिस्किट या ब्रेड खिलाता था।

एक रात जब वो दफ्तर से वापस आया तो पिल्लों ने उसे घेर लिया लेकिन उसने देखा कि घर में बिस्किट और ब्रेड दोनों खत्म हो गए हैं। रात भी काफी हो गई थी, इस वक्त दुकान का खुला होना भी मुश्किल था, सभी पिल्ले बिस्किट का इंतजार करने लगे।

उसने सोचा कोई बात नहीं कल खिला दूंगा, और यह सोचकर उसने घर का दरवाजा बंद कर लिया। पिल्ले अभी भी बाहर उसका इंतजार कर रहे थे। ये देखकर उसका मन विचलित हो गया। तभी उसे याद आया कि घर में मेहमान आये थे, जिनके लिए वो काजू, बादाम वाले बिस्किट लाया था। उसने फटाफट डब्बा खोला तो उसमें सिर्फ 7-8 बिस्किट्स थे। उसके मन में खयाल आया कि इतने से तो कुछ नहीं होगा, एक का भी पेट नहीं भरेगा, पर सोचा कि चलो सब को एक-एक दे दूंगा, तो ये चले जायेंगे।

उन बिस्किट को लेकर जब वो बाहर आया तो देखा कि सारे पिल्ले जा चुके थे। सिर्फ एक पिल्ला उसके इंतजार में अभी भी इस विश्वास के साथ बैठा था कि कुछ तो जरूर मिलेगा। उसे बड़ा आश्चर्य हुआ। उसने वो सारे बिस्किट उस एक पिल्ले के सामने डाल दिये। वो पिल्ला बड़ी खुशी के साथ वो सब बिस्किट खा गया और फिर चला गया। बाद में उस आदमी ने सोचा कि हम मनुष्यों के साथ भी तो यही होता है, जब तक ईश्वर हमें देता रहता है, तब तक हम खुश रहते हैं उसकी भक्ति करते हैं, उसके फल का इंतजार करते हैं, लेकिन भगवान को जरा सी देर हुई नहीं कि हम उसकी भक्ति पर संदेह करने लगते हैं। दूसरी तरफ जो उसपर विश्वास बनाये रखता है, उसे उसके विश्वास से ज्यादा मिलता है। इसलिये अपने प्रभु पर विश्वास बनाये रखे, अपने विश्वास को किसी भी परिस्थिति में डिगने ना दे।

अगर देर हो रही है इसका मतलब है कि प्रभु आपके लिए कुछ अच्छा करने में लगे हुए हैं।

घमंडी बारहसिंगा

एक समय की बात है. एक घने जंगल में एक बारहसिंगा रहता था. वह बड़ा घमंडी था. एक बार वह तालाब में पानी पी रहा था और पानी पीते हुए उसने अपनी परछाई देखी. वो अपने सुन्दर सींगों को देखकर बहुत खुश हुआ, पर अपनी पतली टाँगों को देखकर बहुत दुखी हुआ और वो भगवान को कोसने लगा।

एक बार कुछ शिकारी कुत्ते जंगल में आ गए और वो बारहसिंगा के पीछे पड़ गए. ये देखकर वो घबराकर दूर भाग गया. उसकी पतली टाँगें ही उसकी भागने में सहायता कर रही थी, भागते-भागते अचानक उसके सींग टहनियों के बीच फँस गए।

उसने अपने सींगों को बाहर निकालने की बहुत कोशिश की, पर वह अपने सींगों को बाहर न निकाल पाया. जिसके बाद उन शिकारी कुत्तों ने उसे घायल कर दिया और वो मरने की हालत में हो गया था। मरते समय वह सोचता रहा, "इन सुंदर सींगों ने मुझे मरवाया है अन्यथा मेरी पतली टाँगें मुझे बचा सकती थी।"

पुण्य और कर्तव्य

एक बार की बात है एक बहुत ही पुण्य व्यक्ति अपने परिवार सहित तीर्थ के लिए निकला। कई कोस दूर जाने के बाद पूरे परिवार को प्यास लगने लगी, ज्येष्ठ का महीना था, आस-पास कहीं पानी नहीं दिखाई पड़ रहा था। उसके बच्चे प्यास से व्याकुल होने लगे। समझ नहीं आ रहा था कि वो क्या करे। अपने साथ लेकर चला गया पानी भी समाप्त हो चुका था।

एक समय ऐसा आया कि उसे भगवान से प्रार्थना करनी पड़ी कि, हे प्रभु ! अब आप ही कुछ करो मालिक। इतने में उसे कुछ दूर पर एक साधु तप करता हुआ नजर आया। व्यक्ति ने उस साधु से जाकर अपनी समस्या बताई। साधु बोले कि यहाँ से एक कोस दूर उत्तर की दिशा में एक छोटी दरिया बहती है जाओ जाकर वहाँ से पानी की प्यास बुझा लो।

साधु की बात सुनकर उसे बड़ी प्रसन्नता हुई और उसने साधु का धन्यवाद किया। पत्नी एवं बच्चों की स्थिति नाजुक होने के कारण वहीं रुकने के लिये बोला और खुद पानी लेने चला गया।

जब वो दरिया से पानी लेकर लौट रहा था तो उसे रास्ते में पांच व्यक्ति मिले जो अत्यंत प्यासे थे। पुण्य आत्मा से उन पांचों व्यक्तियों की प्यास देखी नहीं गयी और अपना सारा पानी उन प्यासों को पिला दिया। जब वो दोबारा पानी लेकर आ रहा था तो पांच अन्य व्यक्ति मिले जो उसी तरह प्यासे थे। उस पुण्य आत्मा ने फिर अपना सारा पानी उनको पिला दिया।

यही घटना बार-बार हो रही थी और काफी समय बीत जाने के बाद जब वो नहीं आया तो साधु उसकी तरफ चल पड़ा।

बार-बार उसके इस पुण्य कार्य को देख कर साधु बोला, हे पुण्य आत्मा ! तुम बार-बार अपना बाल्टी भरकर दरिया से लाते हो और किसी प्यासे के लिए खाली कर देते हो। इससे तुम्हें क्या लाभ मिला ? पुण्य आत्मा ने कहा, मुझे क्या मिला ? या क्या नहीं मिला, इसके बारे में मैंने कभी नहीं सोचा, पर मैंने अपना स्वार्थ छोड़ कर अपना धर्म निभाया है।

साधु बोला, ऐसे धर्म निभाने से क्या फायदा जब तुम अपना कर्तव्य नहीं निभा पाये। बिना जल के तुम्हारे अपने बच्चे और परिवार ही जीवित ना बचें ? तुम अपना धर्म ऐसे भी निभा सकते थे जैसे मैंने निभाया। पुण्य आत्मा ने पूछा, कैसे महाराज?

साधु बोला, मैंने तुम्हें दरिया से पानी लाकर देने के बजाय दरिया का रास्ता ही बता दिया। तुम्हें भी उन सभी प्यासों को दरिया का रास्ता बता देना चाहिए था, ताकि तुम्हारी भी प्यास मिट जाये और अन्य प्यासे लोगों की भी। फिर किसी को अपनी बाल्टी खाली करने की जरूरत ही नहीं होती। इतना कहकर साधु अंतर्ध्यान हो गया।

पुण्य आत्मा को सब कुछ समझ आ गया कि केवल स्वयं पुण्य कमाने में ना लगकर, अपने कर्तव्य का निर्वाह करते हुए दूसरों को भी पुण्य की राह दिखायें। किसी का भी भला करने का सबसे सही तरीका यही है कि उसे परमात्मा और सच्चाई की राह दिखा दें।

जीवन का आदर्श

संत कबीर के पास लोग अपनी जिज्ञासा लेकर अकसर आया करते थे। एक बार एक व्यक्ति ने कबीर से पूछा, कृपया बताएं कि मैं गृहस्थी बनूं या संन्यासी ? कबीर ने उत्तर दिया, जो भी बनो, आदर्श बनो, उसमें पूर्णता प्राप्त करने का प्रयास करो। कबीर ने अपनी पत्नी को बुलाया। दोपहर का समय था, फिर भी उन्होंने अपनी पत्नी से कहा कि वह एक दीपक जला कर लाए। पत्नी दीपक जला कर ले आई और बिना कुछ कहे चली गई। कबीर ने उस व्यक्ति से कहा, अगर गृहस्थी बनना है तो एक दूसरे पर विश्वास रखना होगा ताकि दूसरे की इच्छा ही अपनी इच्छा बन जाए। उसके बाद कबीर उसे एक टीले पर ले गए, जहां एक वृद्ध महात्मा रहते थे। कबीर ने महात्मा से पूछा, महात्मा जी, आपकी आयु कितनी है ? महात्मा...बोले, अस्सी वर्ष। थोड़ी देर तक कबीर उनसे बातचीत करते रहे। फिर कहा, महात्मा.. जी, आप अपनी आयु क्यों नहीं बता रहे ? महात्मा बोले, बेटा, अभी आपको बताया था, अस्सी वर्ष। शायद आप भूल गए हो। कबीर उस जिज्ञासु व्यक्ति के साथ टीले से नीचे उतर आए। उन्होंने महात्मा को पुकारा और उन्हें नीचे आने के लिए कहा। वृद्ध महात्मा हांफते- हांफते नीचे आ गए। महात्मा ने नीचे बुलाने का कारण पूछा तो कबीर बोले, आपकी आयु कितनी है? महात्मा के चेहरे पर कोई भाव नहीं आया। उन्होंने बड़े सहज भाव से कहा, अस्सी वर्ष। कबीर ने उस जिज्ञासु से कहा, संन्यासी बनना हो तो ऐसा ही बनना। तुम्हें कभी क्रोध न आए।

संघर्ष क्यों जरूरी है?

एक शख्स बगीचे में बैठा था। अचानक पेड़ से नीचे एक कोकून आ गिरा। नन्हीं तितली उससे बाहर आने की कोशिश कर रही थी। व्यक्ति घंटों बैठा उसे देखता रहा। उससे रहा नहीं गया। उसने तितली की मदद का फैसला कर लिया। पास रखी छोटी कैंची से उसने कोकून के एक हिस्से को काट दिया, ताकि तितली आसानी से बाहर आ सके। तितली तो बाहर आ गई, लेकिन अविकसित। बिना एक पंखे के। उसका पिछला हिस्सा भी कुछ फूल गया था। अब वह कभी उड़ नहीं सकती थी। दरअसल, उस शख्स ने यह नहीं सोचा कि संघर्ष भी जीवन की एक प्रक्रिया है। उसने तितली के संघर्ष को ही समाप्त कर दिया। और ऐसा करके उसने, तितली का जीवन हमेशा के लिए बर्बाद कर दिया। संघर्ष हमारी ताकत को बढ़ाता है। हमारे बच्चे भी तितली की ही तरह हैं। उनके जीवन में आए संघर्षों को आप सिर्फ देखें, लेकिन उन संघर्षों को समाप्त ना करें, वरना यह आपके बच्चों के संघर्ष की क्षमता को ही खत्म कर देगा।

सीख— संघर्ष भी जीवन का एक हिस्सा है। वही हमें संपूर्णता देता है।

बेटी

जब-जब जन्म लेती है बेटी, खुशियाँ साथ लाती है बेटी।
ईश्वर की सौगात ही बेटी, सुबह की पहली किरण है बेटी।
तारों की शीतल छाया है बेटी, आंगन की चिड़िया है बेटी।
त्याग और समर्पण सिखाती है बेटी, नये नये रिश्ते बनाती है बेटी।
जिस घर जाए, उजाला लाती है बेटी, बार-बार याद आती है बेटी।
बेटी की कीमत उनसे पूछो, जिनके पास नहीं है बेटी।

वृक्ष और मनुष्य

मनुष्य जो इस पावन धरा का एक अहम हिस्सा है, अपनी हर जरूरत के लिए धरती पर निर्भर है। प्रकृति केवल हमारी जरूरतें पूरी नहीं करती बल्कि हमें मानसिक शांति भी प्रदान करती है। आज के समय में हम आवश्यकता को अधिक इस्तेमाल करते जा रहे हैं, परंतु उसकी रक्षा नहीं करते। हमारा भविष्य संकट में दिखाई पड़ता है। मुझे लगता है कि प्रकृति की रक्षा करना केवल सरकार का नहीं बल्कि हमारा भी कर्तव्य है। हमें पौधे लगाने, जल बचाने और पर्यावरण को स्वच्छ रखने जैसे छोटे कदम उठाने चाहिए। वास्तव में प्रकृति ईश्वर की वह अमूल्य देन है जिसे हमें प्रेम और समझदारी से सहेजना चाहिए।

प्रकृति के उपहार

प्रकृति से मिले हैं हमें कई उपहार बहुत अनमोल हैं ये सभी उपहार।

वायु जल वृक्ष आदि हैं इनके नाम नहीं चुका सकते हम इनके दाम।

वृक्ष जिसे हम कहते हैं कई नाम इसके होते हैं।

सर्दी गर्मी बारिश ये सहते हैं पर कभी कुछ नहीं ये कहते हैं।

हर प्राणी को जीवन देते पर बदले में ये कुछ नहीं लेते।

समय रहते यदि हम नहीं समझे ये बात मूक खड़े इन वृक्षों से भी होती है जान।

करने से पहले इन वृक्षों पर वार, वृक्षों का है जीवन में कितना है उपकार।

अनूठी सभ्यता

सभ्यता और संस्कृति है हमारा गुमान यही है भारतीयता की पहचान

भारतीय होना किसी वरदान से काम नहीं है। हमारे भारत में सरल और साधारण संस्कृति का पालन किया जाता रहा है। यही हमारे स्वभाव में भी देखने को मिलता है सप्रेम और कोमलता हमारे मानवीय स्वभाव का अंग है। हमारे कारनामे सभी का दिल जीतने वाले होते हैं और अपनी देश पर जान छिड़कने वाले होते हैं। भारतीय संस्कृति की सभ्यता और सरलता को सभी नमन करते हैं और इसने पूरे विश्व में अपना लोहा मनवाया है।

पेड़ लगाओ जीवन बचाओ

पर्यावरण हमारे आसपास के क्षेत्र को कहते हैं और इसकी रक्षा करना और इसमें मौजूद संसाधनों को भविष्य के लिए बचाना हम सभी के लिए आवश्यक है लेकिन मनुष्य के स्वार्थी स्वभाव की वजह से उसे बस अपनी जरूरत का ख्याल रहता है और वह बल्कि जीव जंतुओं के जीवन के बारे में और पर्यावरण के बारे में भूल जाता है क्योंकि वह अपनी जरूरत के कारण पर्यावरण को नुकसान पहुंचा रहा है तो उसका अंजाम उसे बीमारियों के रूप में भुगतना पड़ रहा है जैसे अस्थमा डायरिया और इसके अलावा कोरोना जैसी महामारी के अंजाम को तो हम देख ही चुके हैं स अगर हमें अपना और अन्य जीव जंतुओं का जीवन सुरक्षित रखना है तो पर्यावरण को बचाने की कोशिश करनी होगी। पेड़ लगाना, पानी बचाना और अन्य आवश्यक कदम उठाने होंगे।

जब हम पहली बार फुटबॉल मैच जीते

कई सालों से हम फुटबॉल का प्रशिक्षण प्राप्त करते आ रहे हैं। पर हम कभी भी किसी भी फुटबॉल टूर्नामेंट में जीत हासिल नहीं कर पा रहे थे, इसका हमें बहुत दुख था परंतु हमने अपना प्रयास नहीं छोड़ा और वह उम्मीद भी नहीं छोड़ी जिससे हम एक न एक दिन जरूर कोई खिताब हासिल करेंगे। हम लगातार अपने अधिक प्रयास से इस प्रशिक्षण का हिस्सा बने रहे। बास्केटबॉल और हैंडबॉल में जो बच्चे प्रशिक्षण ले रहे थे, लगातार अलग-अलग टूर्नामेंट में खिताब हासिल कर रहे थे। जब हम दो साल बाद एक टूर्नामेंट में जीत हासिल करके लौटे तो सभी ने हमारे हौसले की तारीफ की और हमें इस उपलब्धि के लिए बधाई दी यह था पहली बार किसी फुटबॉल टूर्नामेंट में जीत हासिल करने का मेरा तजुर्बा।

एकता की शक्ति

एकता हर युग की आवश्यकता है। किसी भी क्षेत्र में चले जाइए आप देखेंगे कि एकता जहां होगी वही सफलता निवास करती है। चाहे वह खेल हो या पढ़ाई सब कुछ एकता पर ही निर्भर है। किसी भी टीम का विजेता होना तभी संभव है जब हम उस टीम की ताकत बने तभी तो कहा है – एकता में वह शक्ति होती है जो पहाड़ को भी तोड़ सकती है स यदि मनुष्य अपने अंदर झांक कर देखें तो वह भी इस सच्चाई को मानेगा कि यदि कोई काम कितना भी कठिन हो यदि मिलजुल कर किया जाए तो वह सरल हो जाता है। ऐसे ही यदि हम सब नागरिक समाज को और पर्यावरण को मिलजुल कर स्वच्छ और संरक्षित बनाएं तो जरूर भविष्य में सफल होंगे।

मेरी पहचान – मेरा देश है महान

मेरा देश भारत जिसे पहले सोने की चिड़िया कहा जाता था। वह आज इस चरम पर पहुंच चुका है कि भारत का नागरिक होने पर मुझे गौरव महसूस होता है। यहां इतनी सभ्यता और संस्कृति का मेल देखने को मिलता है कि जिसकी तारीफ किए बगैर रहा नहीं जा सकता। भिन्न राज्यों की अलग-अलग संस्कृतियां हैं और कई तरह के त्योहार मनाए जाते हैं जैसे पंजाब में लोहड़ी, उत्तर प्रदेश की मकर संक्रांति, महाराष्ट्र की गणेश चतुर्थी, मद्रास का पोंगल आदि यह सभी त्योहार मन को मोहने वाले हैं। यह इतनी खुशी और पारंपरिक तौर पर मनाए जाते हैं कि जिसमें शामिल होने का सभी का मन करता है। कई जगह तो त्योहारों में पारंपरिक नृत्य भी होते हैं जैसे राजस्थान का घूमर असम का बीहू आदि। हमारा देश इन्हीं की वजह से पूरे विश्व में अपनी सभ्यता और संस्कृति की एक अलग पहचान बनाए हुए खड़ा हुआ है। जिसका पूरी दुनिया में सम्मान होता है।

संस्कृत मे 90 श्लोकः

- उद्यमेन हि सिध्यन्ति कार्याणि न मनोरथैः।
अर्थः मेहनत से ही काम सिद्ध होते हैं, केवल इच्छा करने से नहीं।
- विद्या ददाति विनयं, विनयाद्याति पात्रताम्।
अर्थः विद्या विनय देती है, विनय से पात्रता आती है।
- आलस्यं हि मनुष्याणां शरीरस्थो महान् रिपुः।
अर्थः आलस्य मनुष्य के शरीर में स्थित महान शत्रु है।
- यथा ह्येकेन चक्रेण न रथस्य गतिर्भवेत्।
अर्थः जैसे एक पहिए से रथ नहीं चल सकता, वैसे ही एक व्यक्ति से काम नहीं हो सकता।
- अतिथिदेवो भवः
अर्थः अतिथि देव के समान होता है।
- सर्वं परवशं दुःखं, सर्वमात्मवशं सुखम्।
अर्थः दूसरों के अधीन होना दुःख है, और अपने अधीन होना सुख है।
- माता शत्रुः पिता वैरी येन बालो न पाठितः।
अर्थः जो माता-पिता अपने बच्चों को नहीं पढ़ाते, वे उनके शत्रु हैं।
- सत्यमेव जयते
अर्थः सत्य की ही विजय होती है।
- अयं निजः परो वेति गणना लघुचेतसाम्।
अर्थः यह मेरा है, यह उसका है, ऐसी गणना संकुचित हृदय वाले लोग करते हैं।
- गुरुर्ब्रह्मा गुरुर्विष्णुर्गुरुर्देवो महेश्वरः।
अर्थः गुरु ब्रह्मा, विष्णु और महेश के समान हैं।
